The Naglieri Nonverbal Ability Test - Second Edition (NNAT®2) is designed to provide a nonverbal measure of general ability, and is administered for placement into gifted and talented programs throughout the country. NNAT®2 items do not require the student to read, write, or speak, so students must rely on reasoning and not on verbal skills to solve the problems presented to them. Just like the actual NNAT®2 test, there are a total of 48 questions on this Level A practice test for Kindergarten. We have also included 20 additional exercises to ensure that children become familiar with the types of questions that will be on the NNAT®2 in our 70-page practice test. Understanding the content and the format of the test will enable children to perform to the best of their ability on test day.
