When Andrew Craig dies, he leaves his brother Jason a list of places that he wanted to visit but couldn't. Attending a school reunion, London, Stonehenge, these are all on the list and Jason is determined to cross everything off and work through his grief at the same time.

Closeted soap actor Mark Wesley is shocked when a blast from the past looks him up, and devastated when he realizes he will never have a chance to make things right.

Together Jason and Mark agree to work on the list. But what happens when Jason and Mark grow closer, when passion and even love begins to grow?

Was this what Andrew wanted to happen all along between his brother and his friend?

NB: Originally a short unfinished blog story, readers of RJ's blog insisted the story be expanded and finished and she listened to them. With twenty five thousand words added, expansion of the story line, and more scenes set in the UK, this story is very different to how it began.
