Anniversary, A Love Story Michael Adamse

Richard's marriage is collapsing. As he boards a plane back to Miami after his mother's funeral, his father hands him an envelope of letters written by his parents to one another on their anniversaries during forty-nine years of marriage.

As Richard explores his parents' life together, he is comforted and surprised, for he learns their marriage was much different than he perceived. As you read the letters along with Richard, you, too, will discover their powerful effect and invaluable message: they reveal the secrets to a lifelong marriage of passion and excitement.

What Readers Are Saying...

'A woman in my book club suggested I read *Anniversary*. She spoke about it so beautifully that I held onto it for a while, almost to try and wait for the perfect time to read it. Well worth the wait, I couldn't put it down. It was so beautifully written and touched so many aspects of my life.

In a society where marriage is not what it used to be, I think every married couple should read this book. It is such a shame that marriages break up because people do not have the courage to work on issues. I myself am watching two of my very good couple friends go through separations. It is not very pretty. However, luckily, my husband and I just celebrated 15 years of marriage.

I think this book should be a mandatory in all relationship courses, and as a self help book.'

Amy Bubes, Atlanta, GA
