Gendered Worlds

Judy Root Aulette, Judith Wittner

Gendered Worlds Judy Root Aulette, Judith Wittner

In *Gendered Worlds*, Second Edition, authors Judy Root Aulette and Judith Wittner use the sociological imagination to explore gender relations throughout the world. They look at how concrete forms of gender, race, class, and sexual inequality operate transnationally; examine the impact of globalization on local and everyday life experiences; and identify how local actors re-imagine social possibilities, resist injustice, and work toward change. Integrating theory with empirical studies that are of particular interest to college students--including research on violence, sports, and sexuality--the authors make gender concepts genuinely interesting and accessible. They also demonstrate how students can think critically about gender, both within and beyond the classroom.

Incorporating a broad range of pedagogical features, including boxed sections and end-of-chapter sections that focus on social movements, *Gendered Worlds*, Second Edition, is ideal for courses in sociology of gender, sociology of sex roles, and gender studies.
