This fully-updated and revised third edition addresses the changes to law and practice in relation to adoption and permanency, the children's hearing system and the implications of the provisions of the Children and Young People (S) Act 2014 and other related matters, including the *National Practice Model* of GIRFEC. This is the only text to provide coverage of the new legal, policy and practice landscape of social work with children and families in Scotland, and as such, it is an indispensable guide for students, newly-qualified social workers, managers and practice teachers and a range of other professionals in health, education, the police and others in cognate disciplines.
