The Bear and the Dragon (Hardcover) Tom Clancy (Author)

Time and again, Tom Clancy's novels have been praised, not only for their big-scale drama and populsive narrative drive, but for their cutting-edge prescience in predicting future events. In *The Bear and the Dragon*, the future is very near at hand indeed. Newly elected in his own right, Jack Ryan has found that being Preisent has gotten no easier: domestic pitfalls await him at every turn; the Asian economy is going down the tubes; and now, in Moscow, someone may have tried to take out the chairman of the SVR-the former KGB-with a rocket-propelled grenade. Things are unstable enough in Russia without high-level assassination, but even more disturbing may be the identities of the potential assassins. Were the political enemeis, the Russian Mafia, disaffected former KGB? Or, Ryan wonders, is something far more dangerous at work here?
