Austin Burke lives for football. He's the star quarterback at South Beach High School with the bright future in college and maybe professional football. He isn't looking for a girlfriend, but then he meets Kelly. She's brave and funny and can beat him at their favorite video game.

When Austin and Kelly get together with their friends Scott and Zoey for a fun day at the beach on what they think is a deserted island, it goes wrong from the very beginning. They are surprised to find a group of people led by a very frightening man. As they try to find a way off the island, Austin discovers his attraction for Kelly, but he thinks she and Scott are a couple, and he won't do anything to hurt his best friend.

But then they are attacked by a crazed criminal who is determined to leave no survivors. The teens must work together, and Austin takes charge to attempt to bring them home safely.

The TIME SHIFTERS series has won numerous awards and is written by USA Today and New York Times Best Selling Author Kathy Clark under the pen name of Bob Kat.

Praise for

Day At The Beach

"I was so delighted with the first book in this series. This second book in the series delivered even better than the first. It is well written. The characters are real, flawed, and best of all, normal. None of them have superhuman powers. Nor are they vampires by night and students by day. They are just ordinary kids with an extraordinary opportunity..." **Linda**

"The characters are well-developed, each having their own distinct personalities and quirks. They're each flawed in their own way, and despite their flaws they risk their lives to help other people." **Born With A Book**

"The characters will feel like your friends and if you are like me you will be sorry to say goodbye to them at the end of the book. I would recommend this book to anyone who is looking for a well written, brilliantly executed time travel mystery." **FrasierGrazer**
