From the Army to College: Transitioning from the Service to Higher Education Jillian Ventrone, Paul Karczewski

Today's soldiers are highly motivated to serve, but face numerous challenges, especially considering the sacrifices they have made over the past decade of war. As the service branches face budget cuts and draw downs, soldiers need to be aware of the resources and options available to help make them more competitive for promotion or more credible for potential civilian-sector employers. *From the Army to College: Transitioning from the Service to Higher Education* fulfills this need by serving as a long-term reference manual that will support soldiers throughout their higher education or vocational pursuits and assist with navigating the available funding resources. Aspiring civilians looking to join the Army, soldiers already on active duty, or those transitioning into the civilian sector will gain invaluable information to help them properly prepare, plan, and perform the tasks necessary for a successful transition into the world of education. If a soldier's goal is to expand his or her credentials through education or training, this book is the definitive field manual.
