Quantum Magic: A Guide to Understanding and Practicing Magic J M Conley

Quantum Magic provides a way to understand what pagan paths have in common and a foundation practitioners can use to build their own paths. It presents a coherent, practical system for learning and practicing magic. It explains why magic works, enabling practitioners to create their own spells and customize spells to their specific needs. Quantum Magic explains the abilities a practitioner must develop to be successful and why these abilities are necessary for the practice of magic. It offers a complete course for developing, integrating and refining magical capabilities so the practitioner can tap into and realize the enormous potential of magical power. Further, many of these abilities are just as important to achieving goals and good life in the mundane world, crossing over to help the reader enhance both their mundane and magical realities.
