In 2002 a distinguished interdisciplinary group of scholars gathered at the Diane D. Blair Center of Southern Politics and Society at the University of Arkansas to provide a critical evaluation of the Clinton-Gore administration. Their groundbreaking assessment of the most controversial president in modern times treats such crucial topics as race, women, and minorities; the character issue; foreign policy; and the media. This book provides a unique vantage point on the "Clinton riddle" that all future studies will need to consider.
