From the *New York Times* bestselling author of *Princess: A True Story of Life Behind the Veil in Saudi Arabia*

In their own words, Osama bin Laden's wife and son tell the astonishing story of the man they knew—or thought they knew—before September 11, 2001.

The world knows Osama bin Laden as the most wanted terrorist of our time. But people are not born terrorists, and bin Laden has carefully guarded the details of his private life—until now, when his first wife and fourth-born son break the silence to take us inside his strange and secret world. In spine-tingling detail, Jean Sasson tells their story of life with a man whose growing commitment to violent jihad led him to move his wives and children from an orderly life to one of extreme danger, even choosing the teenage Omar to accompany him to the mountain fortress of Tora Bora.
