A virus has infected the Arlington, Virginia, home of the NERDS headquarters, and it's much worse than your run-of-the-mill flu. Instead of coughing and sneezing, the victims of this voracious virus are transformed into superintelligent criminal masterminds. Soon nearly everyone—including some of the NERDS team—is plotting to take over the world. With more people breaking out into evil cackles every day, it's up to Flinch, the hyperactive superspy with a sweet tooth, to stop the virus. Flinch will have to miniaturize himself and take a fantastic voyage through supervillain Heathcliff's body to fight white blood cells, stomach acid, and a nest of nasty nanobytes in the hope that he can save the world from the Villain Virus.
