Have you tried online dating? Thinking about it? JUST A CLICK AWAY: Memoirs of Online Dating is a book for anyone who has had past experience with online dating, is currently involved, or just thinking about it. Based on several years of experiences of her own, with just a few from friends, and with lots of wit and humor, Skye Pearson tells the tales of many of her less than successful -- but always entertaining -- dates. Meet the guys she met (with no warning!) including: \* the married man (probably a common thing for those of you dating this way) \* the guy who only dated women with specific dress sizes \* the guy who only wanted a woman to wear certain specific colors of nail polish \* the guy looking for the perfect submissive' \* the cheap date who kept splitting plates and drinks ...and of course, the drunk guy (and so many more). JUST A CLICK AWAY is informative, educational and above all, entertaining. While the main audience might seem to be women who are dating, if you're a guy wanting to use online dating sites, you might want to read this if only to learn what not to do.
