For the People: American Populist Movements from the Revolution to the 1850s

Ronald P. Formisano

For the People: American Populist Movements from the Revolution to the 1850s Ronald P. Formisano
For the People offers a new interpretation of populist political movements from the Revolution to the eve of the Civil War and roots them in the disconnect between the theory of rule by the people and the reality of rule by elected representatives. Ron Formisano seeks to rescue populist movements from the distortions of contemporary opponents as well as the misunderstandings of later historians.

From the Anti-Federalists to the Know-Nothings, Formisano traces the movements chronologically, contextualizing them and demonstrating the progression of ideas and movements. Although American populist movements have typically been categorized as either progressive or reactionary, left-leaning or right-leaning, Formisano argues that most populist movements exhibit liberal and illiberal tendencies simultaneously. Gendered notions of "manhood" are an enduring feature, yet women have been intimately involved in nearly every populist insurgency. By considering these movements together, Formisano identifies commonalities that belie the pattern of historical polarization and bring populist movements from the margins to the core of American history.

Jan Doyle:

Reading a publication tends to be new life style on this era globalization. With reading through you can get a lot of information that may give you benefit in your life. Along with book everyone in this world could share their idea. Books can also inspire a lot of people. A lot of author can inspire their particular reader with their story or their experience. Not only situation that share in the guides. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors these days always try to improve their talent in writing, they also doing some analysis before they write for their book. One of them is this For the People: American Populist Movements from the Revolution to the 1850s.

Peggy Witzel:

As a college student exactly feel bored to be able to reading. If their teacher expected them to go to the library or even make summary for some book, they are complained. Just little students that has reading's internal or real their interest. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading is not important, boring in

addition to can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this For the People: American Populist Movements from the Revolution to the 1850s can make you experience more interested to read.
