Meet 19-year old Miranda Sinclair, a recent college dropout, and wild child. While having to adjust to a dysfunctional home life, and recover from a harsh breakup, Miranda tries her hand at babysitting to regain independence in her life. All that Miranda wants is to live on her own, away from her quarreling parents, so babysitting is her only option to earn money.

Her stepbrother, Marcus Jones, sells his online business in a lucrative deal and quickly becomes a wealthy 25-year old entrepreneur. Marcus, his girlfriend, and Miranda go out for a night of celebration. The evening spirals out of control and the events after that become filled with excess, decadence and an act that is far too taboo to overlook.

What happens when Miranda takes things too far? Can she overcome adversity? Or, does she succumb to forbidden pleasures that she has never experienced? And, when Marcus disappears without a trace, how does she cope in his absence?
