Two titles from the bestselling Oxford Handbook series are available together in this great value pack.

Fully revised for a third edition, the best-selling *Oxford Handbook of Obstetrics and Gynaecology* is now better than ever. It includes new algorithms for patient management, new images and full colour photographs, and new and expanded topics including female genital mutilation, consent for operations, and pre-operative assessment.

Written and reviewed by a team of highly experienced clinicians and academics, and UK trainees, this handbook is a perfect starting point for preparation for postgraduate exams. Practical advice is presented with key evidence-based guidelines, supported by web references, providing the most up-to-date clinical information as well as the perfect starting point for preparation for postgraduate exams.

The indispensable, concise and practical guide to all aspects of obstetric and gynaecological medical care, diagnosis, and management, this is the must have resource for all specialist trainees, junior doctors and medical students, as well as a valuable aide memoir for experienced clinicians.

The *Oxford Handbook of Reproductive Medicine and Family Planning, second edition* provides essential practical information in the care of the adolescent and reproductive age females and males. Evidence-based and concise, this handbook is the must-have resource for all practitioners, trainees, and students in sexual and reproductive healthcare.

Fully updated for the second edition, this handbook now contains additional practical guidance, algorithms and diagrams, a new chapter on recurrent miscarriage, as well as expanded information on topics such as fragile X syndrome, PCOs and hirsutism. It follows chronological age up to the menopause, covering areas such as the reproductive system, puberty, the menstrual cycle, contraceptive methods, and infertility. This is the essential guide to all aspects of reproductive medicine, family planning and sexual health, providing all the vital information the reader needs.
