From Library Journal This time-traveling romantic adventure will please fans who have been waiting for the further adventures of Dr. Claire Beauchamp Randall, a 20th-century American who goes to Scotland in search of her 18th-century husband, virile Scot Jamie Fraser, whom she met and married in Outlander (LJ 7/91). Book 2 of a planned trilogy takes readers along on Randall's quest, as she hopes to find a state or time (like that of the title's dragonfly suspended in a piece of amber) where Fraser still exists. This imaginative novel suffers somewhat from the author's overuse of personification ("spectacles gleaming with concern and curiosity") and her confusing switches between the two first-person narrations, which sometimes cloud an otherwise intriguing adventure. But Outlander 's readers will still devour this hefty volume without complaint. -Marlene Lee, Drain Branch Lib., Ore.
