Oath of Fealty

Larry Niven, Jerry Pournelle

Oath of Fealty Larry Niven, Jerry Pournelle

A beautiful city, glittering with lights, parks, walkways, shops, restaurants and elegant highrises looms 1,000 feet above Los Angeles, home to successful and adventurous citizens who love Todos Santos with a fierce loyalty. While the city in the sky provides economic benefits to the city on the ground, some Angelinos resent -- even hate -- Todos Santos. Ever fearful of sabotage, bombs and other means of destroying this fragile gem, the Todos Santos security take no chances with anyone carrying weapons who gets past their defenses.

When 3 young Angelinos die in a defensive action by the Todos Santos security forces to protect their city, all hell breaks loose. OATH OF FEALTY follows the subsequent events, as Los Angeles law and Todos Santos' vision of justice collide.

This groundbreaking book, first published in 1981, may yet prove a model for future cities in the sky or any closed environment and the new kinds of community and human behaviors that will evolve. A work that will appeal to libertarians and anyone who enjoys a good story set in a future that offers alternate ways of living and the inevitable conflicts with those maintaining the status quo.
