## Seasonal Sector Trades: 2014 Q1 Strategies John L. Person, Jeffrey A. Hirsch Strategies identifying the best-performing seasonal trades for the first quarter of 2014

Seasonal tendencies and cycles provide a foundation for profitable trading. This edition of *Seasonal Sector Trades* contains trade ideas and strategies for the first quarter (Q1) of 2014. It identifies the best trades for each month based on historic tendencies and cycles. A special report is issued covering stocks, bonds, currencies, energy, metals, grains, soft commodities, and meats. Concise and to-the-point, the report describes monthly price tendencies for each market, alerting you to major trading opportunities. An accompanying strategy calendar shows you what to monitor during the beginning, middle, and end of each month.

In addition to this information, daily exits and entries are provided for trades with the best historic performance. Backstopping the trade ideas are articles on the major trades of the month and in-depth analysis on the historic price patterns of the underlying market. The trading ideas and data allow you to compare current market conditions against historic tendencies and make informed trading decisions along the way.

- Includes in-depth analysis and data of the seasonal tendencies of all major financial and commodity markets
- Details trading tips and strategies to maximize profits from suggested trades
- Based on years of proven historical data

The culmination of years of painstaking research, this quarterly guide will provide you with the historic knowledge to spot big trades unfolding in today's markets.
