Antony Beevor

Stalingrad - The Fateful Siege - 1942-1943 Antony Beevor

Historians and reviewers worldwide have hailed Antony Beevor's magisterial Stalingrad as the definitive account of World War II's most harrowing battle. In August 1942, Hitler's huge Sixth Army reached the city that bore Stalin's name. In the five month siege that followed, the Russians fought to hold Stalingrad at any cost, then caught their Nazi enemy in an astonishing reversal. As never before, Stalingrad conveys the experience of soldiers on both sides as they fought in inhuman conditions, and of civilians trapped on an urban battlefield. Antony Beevor has interviewed survivors and discovered completely new material in a wide range of German and Soviet archives, including reports of prisoner interrogations, desertions, and executions. The battle of Stalingrad was the psychological turning point of World War II; as Beevor makes clear, it also changed the face of modern warfare. As a story of cruelty, courage, and human suffering, Stalingrad is an unprecedented and unforgettable read.
