The Joys of Sex: Relationship and Sex Advice for You and Your Wife and Strengthen Your Bond (Sex Positions & Communication) Gilbert Palmer

Let's talk sex and relationships.

In this book, we will dive head on into talking about relationships and how to communicate and have sex in these relationships. When the topic of sex comes up there seems to be two sides of the coin discussions. First off, there is the side of the coin that shy's away the conversation and then the other side that is blunt about it.

In many relationships, people balance on the edge. Well for myself I decided to take a frank and blunt approach to this subject. In this book, we will first talk about relationships, and I will give you the five questions you need to ask yourself and your potential partner before even starting a relationship.

From there I will jump into how to grow and nurture your relationships through communication. In this chapter, I will give you the top 10 points that you need to focus on and apply to your relationships to make them stronger.

At the end of the book, I will have a frank discussion about sex. In this chapter, I will give you 16 hot and steamy tips and tricks that you can use to add a fulfilling sexual experience into your relationship.

Now there isn't any book written or can be written that will give you all the answers when it comes to relationships and sex but this book comes pretty damn close.

So if you are looking to get into a relationship or if you are already in a relationship and need to spice it up don't wait another minute and begin to change your life today.
