Learning Bridges is a practical and fun resource to help you create deep and meaningful conversations with those you interact with. This is a book that strengthens what you do and, by spending time with this book, will make the time you spend with others more valuable. The old quote, "I read and I forget, I see and I remember, I do and I understand" comes alive in this book. Kids (and adults) have a natural desire to do something, to be active, to be involved.

Talk is out, unless it is paired with action. These interactive activities create unique teachable moments, and the nine key elements discussed in *Learning Bridges* are designed to create interactive conversations.
