First the economy crashed. The entire world slowly veered off course and careened into a precipice of turmoil and poverty not seen since the Middle Ages.

Then the pandemic broke out. It selectively targeted blond women leaving those who survived unable to bear children again.

Deep in the bosom of Africa, hidden away from the disease, Jenny Smith has been kept healthy and safe by her lover the warlord Mr. Xavier Inoukoue. But unknown to either of them, far away a powerful politician and his tormented wife have set their sights on the last fertile young blond woman in the world.

*This is volume 5 of the Milked in London series. It **can** be read on its own **without purchasing** the previous installments.*
