A Field Guide for the Missional Congregation: Embarking on a Journey of Transformation Rev.

Richard Rouse, Craig Van Gelder

The roster of books on leadership is full of high theory and grand expositions of biblical principles. But there is precious little practical advice for regular people committed to releasing positive change within their local churches. Here one of the church's foremost theoreticians and one of its most accomplished transformational leaders combine strengths to clarify both how sound congregational transformation can be accomplished by regular folks and the very Christ-centered foundations upon which transformation must rest. With unflinching honesty and a deep, knowing sense for the joy that comes from Spirit-led change, the authors guide the reader on a quest for a future church alive with the abundant life God intended. A Field Guide for the Missional Congregation reveals seven transformational keys, using real-life case studies to illustrate each key. A reflective milestone framework, including discovery questions for each chapter, ground the book in a practical process.
