## **I, Jack Russell: A Photographer and a Dog's Eye View** Andy Hughes

Whether at rest, work, or play, or hamming it up for the camera, Jack Russell terriers can't help but be adorable. Originally bred as hunting dogs in 19th-century England, these days they spend more time chasing photo ops than foxes—at least in the world of photographer Andy Hughes, who spends his days canine-spotting across the UK and U.S. to document the intelligence, tenacity, and quirky personalities of these endearing animals. A somewhat embarrassing discovery—that Hughes had more photos of dogs than people—led him to celebrate his dog's-eye view of life, culminating in a trip to the Sunshine State Jack Russell Terrier Club Trials in Florida to capture the paws célèbre in motion. The playful and spontaneous shots in *I, Jack Russell* are accompanied by Hughes's happy musings about the hounds that have him spellbound. Contributions by two renowned dog experts set the photos in context.
