One Equals Zero and Other Mathematical Surprises: Paradoxes, Fallacies, Mind Booglers Nitsa Movshovitz-Hadar, John Webb

Paradoxes and Problems to Intrigue Your Students One equals zero! Every number is greater than itself! All triangles are isosceles! Surprised? Welcome to the world of One Equals Zero and Other Mathematical Surprises. In this book of blackline activity masters, all men are bald, mistakes are lucky, and teachers can never spring surprise tests on their students! The paradoxes and problems in each One Equals Zero activity will perplex your students, arouse their curiosity, and challenge their intellect. Each counterintuitive result, false analogy, and answer that defies expectation will encourage students to look at familiar mathematical situations in a new light. By solving the paradoxes, your students will come to better understand both the possibilities and the limitations of mathematics.

From reader reviews:

Kenneth Kelly:

What do you with regards to book? It is not important together with you? Or just adding material when you really need something to explain what yours problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to do others business, it is give you a sense of feeling bored faster. And you have time? What did you do? Everyone has many questions above. The doctor has to answer that question since just their can do which. It said that about publication. Book is familiar on every person. Yes, it is right. Because start from on guardería until university need this One Equals Zero and Other Mathematical Surprises: Paradoxes, Fallacies, Mind Booglers to read.

Norman Fuentes:

Reading a reserve tends to be new life style with this era globalization. With reading you can get a lot of information that can give you benefit in your life. Along with book everyone in this world can certainly share their idea. Publications can also inspire a lot of people. A great deal of author can inspire all their reader with their story or their experience. Not only the story that share in the guides. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors these days always try to improve their skill in writing, they also doing some investigation before they write for their book. One of them is this One Equals Zero and Other Mathematical Surprises: Paradoxes, Fallacies, Mind Booglers.

Susan Gaier:

This One Equals Zero and Other Mathematical Surprises: Paradoxes, Fallacies, Mind Booglers is fresh way for you who has curiosity to look for some information as it relief your hunger associated with. Getting deeper you into it getting knowledge more you know or perhaps you who still having small amount of digest in reading this One Equals Zero and Other Mathematical Surprises: Paradoxes, Fallacies, Mind Booglers can be the light food in your case because the information inside that book is easy to get by anyone. These books acquire itself in the form that is certainly reachable by anyone, that's why I mean in the e-book contact form. People who think that in guide form make them feel sleepy even dizzy this reserve is the answer. So there isn't any in reading a guide especially this one. You can find what you are looking for. It should be here for a person. So , don't miss it! Just read this e-book variety for your better life and also knowledge.

Joseph Wilds:

What is your hobby? Have you heard that will question when you got pupils? We believe that that question was given by teacher for their students. Many kinds of hobby, Every individual has different hobby. So you know that little person including reading or as reading become their hobby. You need to understand that reading is very important as well as book as to be the issue. Book is important thing to increase you knowledge, except your personal teacher or lecturer. You get good news or update concerning something by

book. Amount types of books that can you go onto be your object. One of them is niagra One Equals Zero and Other Mathematical Surprises: Paradoxes, Fallacies, Mind Booglers.
