The People's Republic of China Today: Internal and External Challenges Zhiqun Zhu

Despite the significant progress it has achieved, China faces daunting challenges today. These challenges include a rigid political system, uneven economic growth, a graying population, environmental degradation, ethnic tensions, potential social instability, and a poor international image, among others. This book aims to make a significant contribution to the understanding of key challenges China faces today as it strives to become a global power. Contributed by scholars and experts in political science, international relations, economics, public administration, history, mass communication, psychology, and diplomacy, the book focuses on the efforts needed by China to grow in a sustainable manner and become a respected global power.
