51 Puppy Tricks: Step-by-Step Activities to Engage, Challenge, and Bond with Your Puppy Kyra Sundance, Jadie

51 Puppy Tricks gives puppy owners the tools they need to teach behaviors and tricks to their puppy through step-by-step instructions and photographs. Most other puppy training books focus on curbing bad behavior. Some have training, but only the most basic tricks. Kyra's curriculum differs from that of *101 Dog Tricks* in that the instructions are geared for the less mature dog. Young puppies are not yet well-tuned to humans, and respond better to a clicker than to a voice. Also, young puppies have so few skills that everyone benefits from a technique called "shaping" which breaks a behavior into minute steps for easier learning. And, of course, puppies receive extra gentle care when we teach, focused more on instilling a love of learning and a communication pathway rather than accomplishing the goal behavior.
