African American English: A Linguistic Introduction Lisa J. Green
This authoritative introduction to African American English (AAE) is the first textbook to look at the grammar as a whole. Clearly organized, it describes patterns in the sentence structure, sound system, word formation and word use. It examines education, speech events in the secular and religious world, and the use of AAE in literature and the media to create black images. It includes exercises to accompany each chapter and is essential reading for students in linguistics, education, anthropology, African American studies and literature.
