#### **Mae Bushee:**

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's internal or real their leisure activity. They just do what the professor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that studying is not important, boring and can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Requirements Engineering: Fundamentals, Principles, and Techniques By Klaus Pohl can make you experience more interested to read.
